SRC "VLAŠIĆ" d.o.o. was founded as a specialized company, registered for activities that monitor the development of Vlasici Mountain as a tourist destination, among which is the maintenance of infrastructure for water supply on the mountain, garbage collection, cleaning and editing space, and more. Since the foundation, there has been a very intensive development of this enterprise, which unfortunately experiences its stagnation in the period of 92-95 years, when war and war destruction in BiH led to devastation, decay and alienation of property of the enterprise.
